

Dear Golfers,

Please join us at this year's tournament on Monday, October 10th at Gaillardia Country Club in Oklahoma City. Your participation will provide critical financial support to amputees in need of prosthetic care who may otherwise go without.

Over 3,000 people in the United States will lose a limb every week, almost 18 per hour. Many of the amputees will be unable to afford proper prosthetic care due to the lack of financial resources. With your support we can help many more amputees who are in need of a prosthetic limb, gain their independence. For the children we help this means being able to walk, ride a bike and run with their friends.

We help an average of 200 amputees receive a prosthetic limb through financial support and over 2,000 receive prosthetic componentry every year. Even with insurance it is hard for some people to pay for their portion of the cost of a prosthetic limb since the cost for a prosthetic limb starts anywhere from \$15,000 and can go up to \$108,000 for a computerized hand with an average price of \$20,000. Amputees generally need numerous prosthetic limbs throughout their life, while some insurance companies will only pay for **one in a lifetime**. Many people will simply go without, leaving them to rely on others to help with everyday tasks.

All proceeds from the tournament will be used to help amputees gain their independence. We look forward to seeing you on the links!

Sincerely,

Limbs for Life Golf Committee: Erik Salazar, Chair, Amy Gallegos, Amy Tracy, Jason Osborn, Steve Horton, Ron Rocke, Scott Sabolich, and Steve Sherment.
