# DIRECTOR'S CORNER

I just heard this morning that Merriam-Webster has selected "pandemic" as the 2020 word of the year.

Yes, things are different...and uncomfortable, and often sad and just plain depressing.

But, as Limbs for Life's 25th Anniversary year draws to a close, I choose a different word to describe 2020: **despite**.

**Despite** the economic crisis...

**Despite** the political and social unrest...

**Despite** the pandemic...

In 2020, Limbs for Life has provided **more financial assistance for prosthetic care to more amputees than ever before**. With your continued support, we plan to put even more amputees back on their feet in 2021. Thank you. We appreciate you more than we can say.

Please stay well.

—Lucy

## YEAR-END GIVING in 2020

The recent Cares Act and other tax changes have created additional options for giving in 2020:

- **\$300 Universal Charitable Deduction Incentive:** Individuals who do not itemize their taxes can deduct a charitable cash contribution up to \$300 from their gross income.
- **For 2020 only:** Individuals who do itemize can deduct cash contributions up to 100% of their adjusted gross income (AGI). Example: If a donor's AGI is \$100,000, they can deduct \$100,000 in charitable contributions and wipe out income tax liability entirely.
- **Donor Advised Fund** contributions also offer wonderful options to support your favorite charities.
