Because of you, Limbs for Life celebrated our 25th Anniversary and funded the highest number of amputees in our history! So many of you, our friends and donors, stepped up to help in the past year. Your kindness, care and support made these milestones possible. Thank you, on behalf of all those whose lives are better, because of you!
Our Mission & Vision

The Limbs for Life mission is to provide fully-functional prosthetic care to individuals without other resources for a limb and raise awareness of the challenges facing amputees.

Our vision is access to quality prosthetic care for all amputees.

Goals & Accomplishments

GOAL: To connect amputees in need with access to quality prosthetic care as quickly as possible in order to minimize disruption of their daily lives

2020 ACCOMPLISHMENTS:
• 279 amputees in the USA received new prosthetic limbs
• 2,300 clients received information & referral services

GOAL: To collect and distribute donated prosthetic supplies and parts to amputees in need

2020 ACCOMPLISHMENTS:
• 5055 prosthetic parts were received from 247 donors in 37 states
• 4293 donated parts were distributed to 24 states and 10 countries, aiding 536 amputees

GOAL: Client satisfaction

Clients were surveyed by phone after receiving their new limb
• 100% said Limbs for Life had met their needs very well or extremely well
• 100% felt that Limbs for Life staff had treated them with respect

Client Stories

Sammie H.
AKA “Fun-Pa” You know, like a Grandpa, only cooler, smarter than Dad, and handsome! Sammie is a truck driver from Tennessee who lost his limb after complications from surgery. He is proactive and motivated to return to work and continue providing for his family.

Jayden P.
Jayden is 12 and is the recipient of running blades through a special project at Limbs for Life. Due to genetic limb loss, Jayden is a bi-lateral amputee. With his new running blades, he is now able to run and play basketball with his friends.

Hilda I.
Hilda lost her limb in a car accident at age 18. She has worn the same prosthetic limb for almost 20 years with limited mobility. Her new prosthesis allows her to move comfortably, without pain, and pursue new interests and activities. She is certainly smiling, behind her mask!

Christian L.
An electrician, Christian is 28 and enjoys working out and playing sports. A blood clot led to amputation of his leg last year. In just a few months, Christian received his new limb and was back on his feet, independent and thriving.

Ethan & Heather P.
Ethan (31) was working full-time as a carpet technician in Oklahoma until a fall and injury that resulted in losing his leg. He was extremely motivated to walk and work again and be able to enjoy activities with his wife, Heather and two children, ages 6 & 10.
Your contributions helped restore lives and families.

Our mission is just as relevant today as it was at our founding in 1995. With the challenges facing our communities and families across the country, your support to restore amputees in need is perhaps even more critical now.

Thank you to our generous donors and supporters. We are grateful for the backing and generosity of our board members, all of whom are deeply committed to our cause. The unique network of clinic partners is vital to the ability of Limbs for Life to deliver services directly to clients, wherever they reside. You all help make our partnerships stronger than ever, making us all better for it.
